Our premium 30mm pet-friendly landscaping turf featuring advanced micro bacterial backing technology. This innovative backing system incorporates antimicrobial treatment that actively inhibits bacterial growth, making it ideal for households with pets. The micro bacterial backing provides enhanced hygiene by reducing odors and preventing the buildup of harmful bacteria from pet waste. Combined with excellent drainage properties and ultra-soft fiber construction, Prometheus delivers the perfect balance of comfort, cleanliness, and durability for pet owners who demand the highest standards of synthetic turf performance. Price per m²
